<b>Box No. V</b>	<b>Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement</b>
------------------	--

The available prior art offers nothing to suggest permanently supporting the doctor blade chamber holder on a (second) movable bearing block which can be slid relative to the first bearing block and together with said bearing block holds the doctor blade chamber holder.

Claims 2-13 are dependent on claim 1 and therefore likewise meet the PCT requirements for novelty and inventive step.
